

# GETTING THE MESSAGE OUT

Abilities and Foundations for Good Communication in Disabilities Health Research

## **DHRN 2nd Annual Graduate Student Conference “An Opportunity for All Graduate Students”**

**Monday, January 19th 9:00 am – 4:30 pm**

To be held at: ICORD (International Collaboration On Repair Discoveries)

Keynote Speakers:

**Janice Ollerton**, University of Western Sydney, Australia  
The Penrith Photo-voice Project and inclusive disability research methods

**Chris Molineux**, Comedian and Public Speaking Coach  
Connections: Maximizing presentation potential in research & community settings

*Graduate students at BC universities interested in  
and/or working in the area of Disability Health Research*

*Other researchers, faculty or community advocates working with  
graduate students in the area of Disability Health Research*

### **What it will involve**

- **Project Show n' Tell** – a creative learning opportunity for graduate students to share their research and gain some fun experience presenting a one-minute PowerPoint slide summarizing their current research. A great hit at last year's conference. Promote your project! Bring a poster for display -to connect with others and chat about your work.
- **Afternoon Workshops** -
  - facilitated networking and poster display session for graduate students interested in disability health research to meet and share ideas across the disciplines, and,
  - Your Powerful Presentation Skills, and Making PowerPoint Work For You & Your Audience.

Registration for the conference is FREE.

DHRN Travel Subsidies Available

Registration capacity is limited, however, so we ask that you REGISTER as soon as possible at [www.dhrn.ca/conference\\_registration](http://www.dhrn.ca/conference_registration)
